Health & Safety Statement

Old Iltydian RFC is committed to the maintenance of a safe and healthy rugby environment for all members, players and visitors to any of our rugby training activities, social events and games. It also seeks to ensure that our rugby activities do not adversely affect the health and safety of the general public.

At the same time it must be remembered that all persons either members, players and or supporters have an individual duty to take reasonable care for their own health and safety and for that of other persons who might be affected by their actions (or lack of them). They must also co-operate with those persons who are responsible for health, safety and the environment on behalf of Old Iltydian RFC so as to enable them to carry out their rugby duties.

2006
